**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have Sonic internet and it's one of the best ISPs I've ever dealt with. We need more competitive vendors in the space, i don't know how AT&T is offering "high speed internet" at 25mbps. There's nothing high speed about that.

But when you have to choose between AT&T or Comcast's terrible customer service, we should just go back to the Stone age.

We need more competition! But it's hard for private entities to build large scale infrastructure, but figure it out!
